

Huge helpings of immigrant southern Italian favorites. Fresh garlic. Oregano. Imported Pecorino Romano cheese. You pass it to Mama. She passes it to Nonna. The smiles get big. The laughs get loud. And there's enough left over for the neighbors.

Antipasti

Our garlic bread is a feast in itself. A gigantic wheel of country Italian bread buried under cloves of roasted garlic. Mussels marinara. Beautiful antipasti! Try a few. But save room for dinner.
